PERFORMANCE BRAKE SYSTEMS

Our JEEP performance disc brake program offers a wide variety of brake kits for every budget:

Simple stock size slotted rotor and pad upgrades that fit in your stock wheels

Quick Change aluminum caliper upgrade kits that work with your existing stock size rotors and fit in your stock wheels

Complete performance disc brake kits with our award-winning multi-piston aluminum calipers mated to either new stock size or to 13" Turbo slotted and Xtra Life plated rotors for Jeeps using larger Tires and Wheels

**WE HAVE BIG JEEP BRAKES**  
**BRAKE**  
**KITS**

Kits with stock rotors will fit in your stock wheels, freeing you from the expense of buying larger wheels to install performance disc brakes. If you want or already have 15-17" or larger wheels, our kits with 11-13" rotors will fit perfectly.

Whatever your situation, we have performance disc brakes perfect for you.

Cross Drilled Rotors

Our Big Bite Cross Drilled Rotors are the toughest around.

Engineered to withstand the most extreme braking condition. The Big Bite Rotors typically run 200 degrees cooler than stock.

Big Bite Rotors are available as an original equipment replacement or as an upgrade to any of the kits we offer.
